

Nemaha Valley Community Hospital is dedicated to helping improve your overall health care experience by providing convenient, streamlined resources to help you better manage your health. We now offer the ability for you to securely connect some of the health management apps you may use (i.e. fitness trackers, dietary trackers, etc.) to your health record.

Please let us know if this is something that you are interested in and we will help get you set up. Contact Melissa Bruna at 785-336-6181 with any additional questions.
